PROFESSIONAL SUMMARY

Passionate about computer science, data analysis, and project management, with a strong commitment to continuously developing my skills and experience. I aim to deliver data-driven technical solutions that support decision-making and improve performance. PMP® certified, with strengths in analytical thinking, problem-solving, and teamwork, and motivated to contribute effectively to organizational goals and successful project delivery.

PROFESSIONAL EXPERIENCE

❖ Corrective Maintenance Request Coordinator - Zimam Al Quwa | 2026

- Receive, document, and follow up corrective maintenance requests, coordinating with execution teams through closure.
- Prepare daily, weekly, and monthly operational reports and review the accuracy and status of request data.

❖ Technical Support Officer - Hamed Saud Al-Otaibi Contracting Company | 2021 - 2026

- Provide technical support to users, resolve faults, and monitor systems to ensure business continuity.
- Analyze operational reports using Microsoft Excel, organize data, and extract performance indicators that support decision-making.
- Document recurring issues and coordinate with relevant parties to improve service quality and follow-up efficiency.

❖ Artificial Intelligence & Data Trainee - Saudi Data and AI Authority (SDAIA) | Mar 2023 - May 2023

- Developed and tested machine learning and deep learning models using Python, including data preparation, analysis, model testing, and performance improvement.

❖ Adjunct Lecturer - Taibah University | One Semester

- Taught Statistics and Probability to computer science students and prepared lectures, exams, assessments, and data-analysis-related applications.

EDUCATION

Master of Artificial Intelligence - University of Tabuk | 2021 - 2023 | GPA: 4.57/5 – Excellent.

Bachelor of Computer Science - Taibah University, College of Computer Science and Engineering | 2014.

CERTIFICATIONS & COURSES

Project Management Professional (PMP) | Data Analysis with Power BI | SQL & Databases | Python | CCNA Networking Fundamentals.

TECHNICAL SKILLS

Data Analysis | Report Preparation | Technical Support | Python | SQL | Power BI | Microsoft Excel | Power Query | DAX | Data Modeling | Business Intelligence | Machine Learning | KPI.

PROFESSIONAL SKILLS

Project Management | Analytical Thinking | Problem Solving | Communication & Teamwork | Organization & Time Management | Follow-up | Accuracy & Attention to Detail.
